If men would exercise the same amount of zeal in religion and devote the same amount of argument, time and money to it they do politics, they would conquer the world for Christ in a short time.

On account of the many earnest requests of Earlington citizens Mr. C. G. Pfatenhouer has decided to organize a military band. Persons desiring to become members should see him at his place of business.

Mr. Childers, who lives in the corner house near the M. E. Church South and who has been ill for so long with typhoid fever, is still in a critical condition and needs constant nursing.

A great treat is in store for our theatregoers in the promised big scenic production of Humpty Dumpty, with Geo. H. Adams in the title role, at Temple Theatre Nov. 14. The organization is not only a large one, but a notable one, as it contains some of the best known pantomimists and musical entertainers in the profession of today. The production is identical with that formerly given by Dickson & Mustard and as presented in all the larger cities, being complete in every detail with its kaleidoscopic transformations, tuneful music, up to date acrobats, singers and dancers, contortionists and entertainers.

FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: 'A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy that the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby.' This remedy is for sale by St. Bernard Drug Store, Earlington; B. T. Robinson, Mortons Gap; Jno. X. Taylor, Earlington.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in this preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Poolesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect."

Good Spirits.

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

LOCOMOTIVE BLASTS

Fireman C. M. Grimwood is spending a few days at the Fair at St. Louis.

The next annual convention of the National association of Railway Agents' will be held at Denver, Col.

A. H. Crawford, engineer at Empire Hill, on pushing engine, is off on a leave of absence, taking in the Fair.

There is a movement on foot with the leading railroads of the country to urge the next congress to pass a law that will put the railroad ticket scalper out of business.

E. S. Hedgecock, chief clerk to the Supt. Machy., and Dennis E. Kelly, traveling engineer, were at Howell last Thursday.

The young engineers who have recently put to running are, L. L. Patterson, J. B. Yount, Eng. Dumont and A. F. Smith.

E. J. Young, general foreman, at Howell, spent Friday and Saturday at St. Louis with his nephew from Pennsylvania.

J. B. Huff, foreman round house, and family have returned from Baltimore, Md., where they have been visiting relatives.

John Franklin, a section laborer, had the misfortune to have two fingers mashed the other day while loading rails.

Morris Gee, the extra steam wrecker engineer at Nashville, was at Howell Monday to see about going out firing on the Henderson Division.

An I. C. train running at full speed struck a hand car not long since between Howell and Henderson.

Switch engineer Con Bohan, of Earlington, is visiting in Howell his family.

A brakeman in Evansville was asked the other day how he would vote this time, to which he replied, "by machinery."

Letters of an engineer to his master mechanic No. 3: Dear Sir: I am pleased to report that we were only 24 hours behind time on this trip. To begin with we had to stop along the line to let the crew, as well as some of the passengers vote. Next thing, I had a green fireman, who, owing to the track being so outrageously rough, could not stand up while the train was moving, let alone throwing in coal. Consequently I had to stop the train every mile or so for him to put in a fire. After a while, however, he was able to fire the engine while the train moved slow, but this did not seem to please the passengers, as one was overheard to remark that he believed he would get off the train to see which way we were moving. There were also several officials on the train of the narrow-minded narrow-gauge road which is our rival. The conductor told me he heard one say that "You never know what good railroad-ing you are doing yourself until you see the bum railroad-ing done by others." Yours truly,

Counterfeiting the Genuine.
